

GAME JERSEYS

All players will be provided a game jersey(s) that must be returned washed and in excellent condition at the end of each season.

U13A, U15A & U17A players will be provided a HOME jersey (white or red) and an AWAY jersey (black). BOTH jerseys need to be returned at the end of each season.

If players are provided 2 jerseys, alternate jerseys should be kept in a sealed bag in their ball bag to keep the jersey clean and brought to every game. Players are required to wear the correct colour of jersey for the game as designated in the RMSL game schedule.

Proper care is important to ensure the jerseys last for many years and are available to future players. This includes proper washing and care while in the players' possession. Ask players and families to follow washing instructions, to NOT remove tags from jerseys and to be careful if wearing eye black to not wipe the eye black on their jerseys because it can stain.
