

ZONE 1 GAME JERSEYS

All players will be provided a game jersey(s) that **must be returned washed and in excellent condition** at the end of each season.

U13A, U15A & U17A players will be provided a HOME jersey (white or red) and an AWAY jersey (black). BOTH jerseys need to be returned at the end of each season.

If players are provided 2 jerseys, alternate jerseys should be kept in a sealed bag in their ball bag to keep the jersey clean and brought to every game. Players are required to wear the correct colour of jersey for the game as designated in the RMSL game schedule.

Proper care is important to ensure the jerseys last for many years and are available to future players. This includes proper washing and care while in the players' possession. Ask players and families to follow washing instructions, to NOT remove tags from jerseys and to be careful if wearing eye black to not wipe the eye black on their jerseys because it can stain.

JERSEY CARE: Wash **INSIDE OUT** Wash in **COLD** water **HANG** to dry

ZONE 1 UNIFORM GUIDELINES

Players are responsible for providing their own ball pants, belt and socks. The team will determine colour combinations and design provided it falls within the three team colours.

Saints – Red, Black, White | Lasers – Yellow, Black, White

CUSTOM JERSEYS U11, U13, U15, U17

It is important for all Zone 1 players to have some consistency in dress in order to unify our zone. All custom jersey designs must be approved by the Zone 1 Board to ensure this objective is met prior to league play.

GUIDELINES

In order for a custom jersey design to be approved it must follow these guidelines:

1. NO tee shirts. A jersey is a specialized athletic garment, typically made of lightweight, breathable synthetic fabrics like polyester or spandex, designed to foster team unity and identify players. They feature an athletic, tailored cut to allow for a full range of motion without restriction.
2. NO sleeveless jerseys will be allowed.
3. The jersey must include all three team colours.
 - Saints – Red (PMS199), Black, White
 - Lasers – Yellow (PMS 7409), Black, White
4. HOME jerseys will be colour or white and AWAY jerseys will be black.
5. The jersey must reflect a modest design appropriate to the age of the team.
6. The jersey must only include the team logo, player name and player number. Additional sponsorship logos or slogans should be submitted with the design for board approval along with where these items will be placed on the jersey.
7. The player number must be visible and obvious.

LOGO DESIGN

Two versions of the Lasers and Saints logo are approved for use on uniforms.

1. The traditional Lasers and Saints logo packages can be found on this site or by contacting the uniform coordinator.
2. The name of the team in block or varsity font lettering that features Saints/Lasers colours. No additional embellishments will be approved. Versions of this logo exist for use. Contact the uniform coordinator for more information on this option.

All designs must be approved by the uniform coordinator prior to being submitted to the Zone 1 Board for approval.

LOGO USAGE: ONLY use the approved team logos for jerseys. They can be found on zone1softball.ca/ information or by contacting the uniform coordinator. **DO NOT USE PREVIOUS LOGO VERSIONS OR CREATE NEW CUSTOM LOGOS OF ANY KIND.** If your age group is assigned a secondary team name - do not make this secondary name into a logo. The team name displayed on any clothing, merchandise, signage etc. should always be either Lasers or Saints.

CUSTOM UNIFORM GUIDELINES U11, U13, U15, U17

The team or players are responsible for providing their own ball pants, belts and socks. The team can determine the requirements and design for uniforms provided designs stay true to team colours.

- Saints – Red, Black, White
- Lasers – Yellow, Black, White

Discuss all design ideas with the uniform coordinator prior to submitting for approval.
